

## **Std I – Vacation Assignment I**

### **Live, Study and Grow with nature**

Sow a seed, Nurture it, observe its growth. Record its growth (like number of leaves, increase in height), observe the shape of its leaves.

- Draw a picture of the plant and colour it.
- Take photos of different stages of growth of the plant.
- Observe the change in colour of leaves and flowers (if any).
- Measure the amount of water it needs per day. Find out what food it needs.
- Write a poem or a story related to the plant (in English, Hindi or Malayalam)
- Prepare an album with the dry flowers and leaves in a scrap book

**Record all your work and submit it on the reopening day to the class teacher**
