Assignment 1 – LET’S MAKE LEMONADE!

Summer is here! It is hot and sunny. A cool glass of lemonade sounds perfect!

But where can I find lemons? How much does it cost to buy lemons? What are the ingredients for lemonade?

Shall I make a cup for Mama and Papa too? Can I make some for the whole family? How much lemonade can a glass contain? If the whole family wants some, how much lemonade should I make?

Oh no... no lemons! Should I go shopping to the nearby vegetable store? How much do lemons cost?

Where do lemons grow? Can I plant one in my garden? Are all lemons yellow in colour?

Why do we drink lemonade in summer? **Chalo, let’s Google it!**

So refreshing! Thanks to Grandma for the help. I love lemons!

Write a poem, a short story, a short note about your trip to the shop, or make a poster- all about lemons(in English, Hindi or Malayalam).

Record all your work, file it neatly, decorate it nicely, and bring it when school reopens. You can also present a video of the preparations.
